FOR IMMEDIATE RELEASE

Integrated Care Management Announces Promotion of Heidi Slewett to National Sales Manager

Expanded Role Created to Expand Company Footprint

ATLANTA— November 8, 2010— Integrated Care Management (ICM), a leading disability management firm, announces the promotion of Heidi Slewett to National Sales Manager effective immediately.

According to ICM EVP Kevin Hill, Slewett's significant contributions to the company since joining ICM in December, 2008 resulted in the promotion. "Heidi has done a tremendous job for ICM highlighted by setting a company sales record for a first year salesperson. Much of the business she has generated has been outside of our existing footprint, a result of introducing us to new clients as well as expanding business with current clients. Thanks to Heidi's efforts as well as outstanding contributions by the sales team as a whole, we have been fortunate enough to enjoy 13 consecutive quarters of growth."

Slewett is the first of several national sales managers Hill plans to have in 2011 as ICM continues its aggressive growth. He sees Slewett as the ideal person for this new role in the company. "Heidi has taken on a leadership role since the day she started with ICM. She is a true believer in our mission to decrease workers' compensation costs and the impact of injuries on the job for both the employer and the injured worker. Her clients appreciate her commitment to servicing their needs after the sale and her dedication to their business. Equally important to ICM is Heidi's strong relationship with our case managers and the support she delivers to help them do their jobs as effectively as possible."
